

Pole Mount Bracket

Convenient Pole Mount Bracket

Place your security camera high up to capture the whole picture. The pole mounting bracket is a reliable and convenient way to mount your camera on poles of varying diameters. Compatible with a wide range of Lorex security cameras, it can be used with or without the Lorex junction boxes, and the design of the pole mounting frame grants you easy access for troubleshooting or upgrades.

Easy Installation

- Simply attach the security camera to the mount with the included tools. Adjust the camera to the desired angle for proper coverage.

Sturdy Construction

- Built of aluminum and stainless steel, the durable pole mounting bracket has a load-bearing capacity of 6.6 lbs. /3.0 kg.

Weather-resistant

- The weather-resistant design protects the cable connection from extreme heat, rain, snow, or harsh winds.
