

Corner Mount Bracket

Convenient Corner Mount Bracket

Easily install a Lorex security camera between two external vertical walls with the corner mount bracket. Lightweight and aesthetically built, the corner mount bracket helps to optimally position the Lorex security camera.

Easy Installation

- Attach the security camera to the corner mount bracket with the included screws, anchor, and wrench. Install the Pan-Tilt-Zoom security camera with a 90° arm onto the corner mount bracket for an optimal view of your premises.

Sturdy Construction

- The durable construction ensures a higher load-bearing capacity of 22lb/10kg. The materials used assure a smoother surface free of rust and scale.

Weather-resistant

- The weather-resistant design protects the cable connection from extreme temperature variations, rain, and harsh wind.
